TUCK'S POST CARD

CARTE POSTALE. POSTKARTE.

By Appointment.

Oude Zijds Kolk. Amsterdam, like most of Holland's cities, is situated on a very low level, the greater part of the country being below the level of the sea. The city is intersected by numerous canals which divide it up into ninety islands, connected by means of nearly 300 bridges. Many of the streets possess no space for vehicular traffic, merely a footpath, while others have not even this convenience.
